Cindy, I went through the document and found some inconsistent (or confusing at least) statements regarding timber.

On page 10 it states **"No commercial timber harvest is allowed within Grand Staircase Escalante National Monument. Firewood harvest is allowed in two forestry product areas."**

Then on page 12, it states, **"Timber harvest may also continue indefinitely as long as the timber resource is sustainably managed."**

These two statements seem to be contradictory.

I reviewed the grazing numbers and they are what we use on our fact sheet. I am not sure where the billable numbers came from so I cannot check those figures; nor could I confirm the oil production figures.
